RAY IS REAL SAFE CRACKER IN RIVOLI Speaks in Two Churches and

His Film Story of a Reformed Crook.

More Than 371,000,000 Relief Lawrence Grossmith Does the Acting and P. G. Wadehouse Wrote It.

Charles Ray in "Crooked Straight," in the Rivoli this week, has apparently decided to be a real safe cracker and live up to his film reputation, let the greenbacks fail where they may. This celluloid story shows the influence of "Alias Jimmy Valentine." Ray, playing Bea Trimble, a reformed crook living in a country town, is forced from the best of motives to open the safe of his sweet-heart's father, even though he risks dis-Local chapter members, who numbered heart's father, even though he risks disover 8,000,000, produced more than 371,covery by the heroine in her nightie.

While Trimble is looting the iron box another burglar enters the house. In order to save the heroine from him CONCERT IS GIVEN Trimble has to do an unusual movie stunt-nothing less than leap up the balusters, seize the second intruder's gun and grapple with him as he hangs over the head of the rail, while the director prays that the stage carpenter did his work solidly. The marauder fires point blank at Trimble, the shot grazing and stunning him, and the young man does a fall down the length of the stairs that nearly stands him and his audience on their respective heads. It is Ray approaches John Barrymore's record as a stage flopper.

His sweetheart shields Trimble because he has scared the other robber

off, and it turns out that Trimble has ooted the safe with the high minded motive of keeping the money out of the other's clutches. The latter is Chick Larrabee, a confidence man who has stolen \$1,000 from Trimble in the city and driven him to starvation, a fate from which the country lad was rescued by one of those dear good safe crackers who are such darlings in the movies

After tutoring Trimble in burglary his benefactor, mortally wounded while cracking a crib, sends the youth back to the country to look after his chil-dren, and there, after the Jimmy Valenning thrills, with less of the barnyard humor than usual. What comedy scenes occur are played with his usual quaint touch by Ray, who shows also that he has not forgotten how to burst into drama on occasion. Margery Wilson is charming as the girl who loves him, even if he is poor but dishonest.

P. G. Wodehouse who wrote the story, evidently designed the captions too, for they are almost too musing for the movies.

Miss Bennett's picture deals with a girl who takes everything as a joke, and therefore marries a very humorous young man, who promptly turns out to be a brute—a theme which may be rearded as a lesson to girls to put not their trust in the village wags.
